Good afternoon Arturo, and good seeing today at the lunch time - which reminded me to follow up on this matter :-)

As I mentioned few months ago in my briefing meeting with Gerald, we need to make sure that we are proceeding with the process for this project in harmony with Councilman's vision.

So, I appreciate it if you would please give us a time to brief him - and yourself - on the project any time ; as we are submitting our package to Planning.

Please let me know.
Thank you very much.

Hello Hamid,

I tried sending an earlier message but I don't think it went through. We will defer to Debby who coordinates the Council Member's schedule. FYI he has been out lately due to illness but hopefully when he returns to work, we can find an available time slot. It would be good to learn more about Mr. Delijani's future plans for sites he controls in our district.

Hi Hamid,

I'm sorry we have been so behind on trying to find some time on the Member's calendar.
We are still catching up.

I do have an opening on Thursday, 10/13 @11:00AM in our office.
Does that work for Mr. Delijani?

Good afternoon Debby:

A few minutes ago I communicated with Arturo Chavez, and he has just approved for us to go ahead and schedule a meeting between Michael Delijani, Councilman Cedillo, Arturo, and I.

We can meet at your offices at City Hall or at the offices of Michael Delijani, which is nearby City Hall, by the intersection of Beaudry Avenue and 3rd Street.

When you have a moment, just to confirm, please let me know that you received and read this message.

Thank you Debby.

Good morning Debby:

First of all, I hope all is well.

When you have a moment today, can you let me know how soon we can schedule a meeting between Councilman Cedillo and Michael Delijani?

In connecting with the Councilman earlier today, he mentioned that he's traveling to Peru I believe on Monday, so if you can schedule it as soon as he returns I would appreciate it.

The subject of the meeting is Amazon's search for a new 2nd major headquarters where they are looking to accommodate up to 50,000 new employees. Michael Delijani believes that his existing property, along with other land around it, all within the 1st District, would represent the best site for such a new campus.
